

PREVENT

the spread of

Scale Insect

- *No movement of plant materials out of Nukunonu*
- *Remove and burn all affected plants*

&

Crazy Ant

- *Destroy or remove breeding places - rotting logs, under stones*
- *Avoid food spillage*

Report any sightings of these to your nearest NATRESEN Representative

This poster was produced in collaboration with the Tokelau Ministry of natural resources and Environment (NATRESEN) and SPC Plant Protection Service with funding assistance from AusAID and NZAid'
